Register your team!

Green Impact is a fun and flexible program for staff and students to undertake practical actions to make our University more sustainable.

How: For each action you carry out, get closer to a bronze, silver or gold accreditation. Which team will get the most points to be the overall winner?!

When: Take action between now and 28 August 2018 and then find out how well you’ve done at the Awards ceremony in November.

Contact: sustainable-campus@unimelb.edu.au for further information or to arrange a site visit, we are here to help!
