

Sustainability Innovation Accelerator Program (SIAP) Project Evaluation form

Please send this to sustainablecampus@unimelb.edu.au

Introduction

This form has been provided to Green Impact teams to evaluate their SIAP Project. Please submit this form within 6 months of receiving project funding (this date will be given to you in a confirmation email sent to you by the Sustainability Team, Campus Management).

Please provide information to the best of your ability.

Name of Project:	
Green Impact Team:	
Project Representative:	

Has your SIAP Project...

Succeeded relative to your original proposal? If so, how has it succeeded? Please include any demonstrative metrics. For example, you could record the amount of people involved, reach of the project, how many faculties were engaged or staff and students, any environmental benefits such as amount of waste diverted from landfill or energy saved, etc.

Has your project contributed to environmental and/or operational improvements on campus? If so, please explain how.

Have you encountered any obstacles/challenges delivering the project?

Do you envisage your project continuing or being delivered again?

Could this project be scaled up to achieve greater benefits?

Has your project helped improve awareness and behaviour change around sustainability?

As outlined in your application, has your project addressed the [Sustainability Plan 2030](#)?

Please provide at least 4 photos and any video material of your project and add them to this document.
